

Working with ease...

Step Stools & Steps

Shelfmate Order Pickers

Mild steel construction with non-slip sheet steel steps and sprung castors. Top shelves are standard on **SKS3**, **SKS4** & **SM4** units. Steps are 485mm wide. The **SM4** unit is a heavy duty, more robust, 4 step unit with "chequer plate" steps & a large "chequer plate top platform. Capacity 120kg.

SKS2 - 2 STEP

Tubular frame with sprung castors. Push/pull handle fitted. Top Step: 580mm high

SKS3 - 3 STEP

Tubular frame with sprung castors, handrails and safety lean rail. Top step: 760mm high

SKS4 - 4 STEP

Similar design to SKS3 with sprung castors, handrails and safety lean rail. Top step: 1 metre high

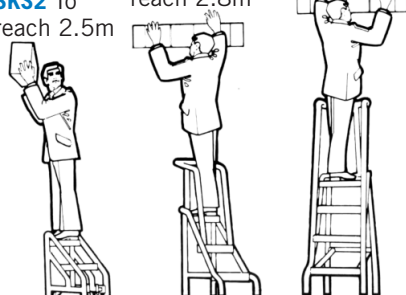

SM4 - Robust version with sprung castors, large top platform 445w x 588mm, handrails, safety lean rail. Top step: 1 metre high

Good looking design - Finished right for libraries, offices, stores etc.

SKS2 To reach 2.5m

SKS3 To reach 2.8m

SKS4 To reach 3m

Our Step Stool Range

Everyone wants to go about their busy day without taking unnecessary risks. Our range of safety step stools, ensure that you can safely reach for high places. They are proven performers in heavy traffic areas such as libraries, supermarkets, factories and offices. The wide base platforms together with the non-slip steps means your foot stays where you put it! Anti-skid pads are fitted for extra safety on slippery floors. They come in an extremely visible and safe colour range and are extremely robust.

* Fitted with retracting castors

Shelf Steps

Strong mild steel construction with non-slip grip steps - 485mm wide x 500mm deep x 380mm high with sprung castors.

SKSH2 Mobile with Support Bar

SKSDS2 Mobile Double Sided

SFS2 Static with Support Bar

Aluminium Safety Steps

These are not ladders. They are folding steps that can be easily accessed as they have extra-wide, skid resistant PVC steps (230 x 355mm wide) and are available with or without a fold down safety rail. Units fold for safety, transport and storage. The overall width is 475mm.
