TruckMover™

Easily Move Vehicles or Rolling Chassis

The TruckMover™ features rugged steel frame construction and excellent versatility in moving vehicles or rolling chassis of various sizes and has proven itself in the field year after year. It is available in two models for moving vehicles or rolling chassis weighing up to 20,400 kg (Heavy Duty Model). No electric cords or pneumatic hoses to trip over, no more injuries from pushing heavy loads. The TruckMover™ will do the job, safe and sure.

The TruckMover™ Drives Productivity!

Features

- 24V or 36V NiCad rechargeable battery
- Compact size and user friendly
- Forward & Reverse (HD models)
- Push Speeds of 28 to 32 m/pm
- Rugged steel frame construction
- Superior OEM Support
- Variable speed throttle control
- Programmable speed controllers (HD models)

Free yourself from air hoses

- 1.8" air leak can cost up to \$2k per year
- Compressed air systems can leak as much 50%
- Every 10 psi decrease saves 5% in energy costs
- Air hoses on the floor are a safety risk
- Air hoses limit reach and mobility

Standard Duty TruckMover™

Heavy Duty TruckMover™

Specially Designed Battery & Charger for top performance

Standard Duty (SD) TruckMover™

The SD model features rugged steel frame construction and excellent versatility in moving rollable loads weighing up to 3000 kg. This is the most popular model today for general purpose applications.

Heavy Duty (HD) TruckMover™

The HD model features a stronger power-drive along with rugged steel frame construction for easily moving rolling chassis weighing up to 20 tonne. An advanced, programmable speed controller provides added safety when seeking to control minimum and maximum speeds and/or throttle acceleration response.

No Down Time for Recharging

Featured with all TruckMover™ models, quick-charging battery packs and durable battery chargers with LED display. Rechargeable battery packs and charging units can be purchased separately. Also additional TruckMover™ units can be purchased with or without batteries or charging units.
