

Manual Drum Handlers

Multi-Purpose Drum Trolley

Loads and unloads drums on/off pallets with ease. Moves a drum around on four wheels. Places the drum horizontally for emptying and rotates the drum if the bung is not in the correct position. Floating axle reduces operator effort.

Code **DDMPDT**

4T4 Drum Trolley

This just has to be the simplest, easiest and safest drum lifter and mover on the market today. Suitable for open or closed drums. Moves through standard doorways & fitted with large wheels for those rougher surfaces.

- 10:1 Leverage Ratio
- Capacity: 300kg

Code **D4T4LW**

Hydraulic Drum Truck

Easily transports 205L drums.

Code	DT250
Lifting Capacity	250kg Steel Drum
Lifting Ht	345 mm
