

Working with ease...

Mobi-Trac Mobile Demountable Gantry Cranes

Mobi-Trac Mobile Demountable Gantry Cranes

Mobi-Trac is a rugged yet lightweight, mobile, free standing, fully demountable, adjustable, modular aluminium gantry available with or without castors for manoeuvrability.

Mobi-Trac complies with Australia Standard AS1418, is easy to assemble, comes with a simple instruction manual & is Australian Made.

Mobi-Trac packs flat for easy transport or for storage when not in use. It has a Maximum Rated Capacity (MRC) of 1000kg @ 3m span, 500kg @ 4m span & 250kg @ 5m span. It is available up to 3m in height.

There are two versions **Mobi-Trac STATIC** & **Mobi-Trac DYNAMIC**. The STATIC is a fixed height & the DYNAMIC has a unique height adjustment capability, with the use of cordless power tool.

Ideal for use on sites with multiple work areas especially building services HVAC applications.

Set Up . . Get Up . . And GO!

Code	Description	Capacity/Span
LMS3	Static	1000kg/3metres

Mobi-Trac Static gantry 1000kg MRC x 3metres wide with optional castors

Mobi-Trac Dynamic gantry 1000kg MRC x 3metres wide shown at highest position with optional castors

Mobi-Trac Dynamic gantry 1000kg MRC x 3metres wide shown at lowest position with optional castors

Carbon Fibre Jibs

Carbon Fibre Articulated Jib Arm

Our Swedish partner, **Vaculex** has produced a spectacular carbon fibre articulated jib arm that weighs only 8kg. By combining this arm with our **Vaculex** vacuum tube lifters we can provide a fast, gentle & safe lifting unit for freight, goods, mail, baggage etc. The minimal weight of the jib arm makes the lifting task easier & faster because there is hardly any resistance when moving loads up to 40kg. They can be fitted to, freestanding columns, X-Y gantries & with our **ParcelLift™** version, the end of telescopic conveyors.

Simulated pillar mounted carbon fibre jib picking product with our Vaculex TP vacuum tube lifter

A special Vaculex ParcelLift™ option with carbon fibre jib for telescoping conveyors

A triplex articulated carbon fibre arm fitted with our Vaculex TP vacuum tube lifter easily & safely loads luggage onto a cruise ship
