Technical data

- Adjustable lift height: 825mm
- Belt speed: variable from 0.3m/s - 0.7m/s
- Min. ambient temperature: -15°C
- Max. ambient temperature: 50°C
- Protection class: IP54

Electrical data

- Network voltage/frequency: 380V - +/-5%, 50Hz +/-2%
- Power: Max. 2.0KW / rated power 1.6KW
- Wall device plug: CEE 400V, 16A, 5Pin (3L+N+PE)
- Motors: SEW 380V
- Belt: modular belt
- Hydraulic power unit: 380V

Dimensions

- Length transport position: 7500mm
- Length working position: 7900 - 20700mm
- Width working platform: 1800mm
- Conveyor belt width: 601mm
- Weight: approx. 980kg
