

Technical data sheet

Type: 691000 combination conveyor

Electrically operated conveyor with height adjustable platform

Dimensions

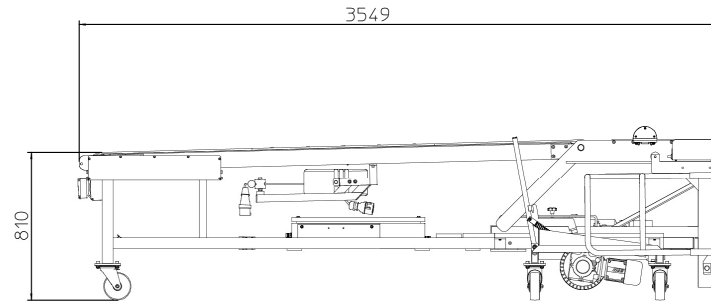

Length transport position: 3549mm

Length working position: 3967mm

Width working platform: 1800mm

Conveyor belt width: 601mm

Weight: approx. 485kg

Technical data

Adjustable lift height: 825mm

Belt speed: variable from 0,3m/s - 0,7m/s

Min. ambient temperature: -15°C

Max. ambient temperature: 50°C

Protection class: IP54

Electrical data

Network voltage/ frequency: 380V +/-5%, 50Hz +/-2%

Wall device plug: CEE 400V, 16A, 5Pin (3L+N+PE)

Motors: SEW 380V

Belt: modular belt

Hydraulic power unit: 380V
