PIPE STORAGE RACK SPECIFICATIONS

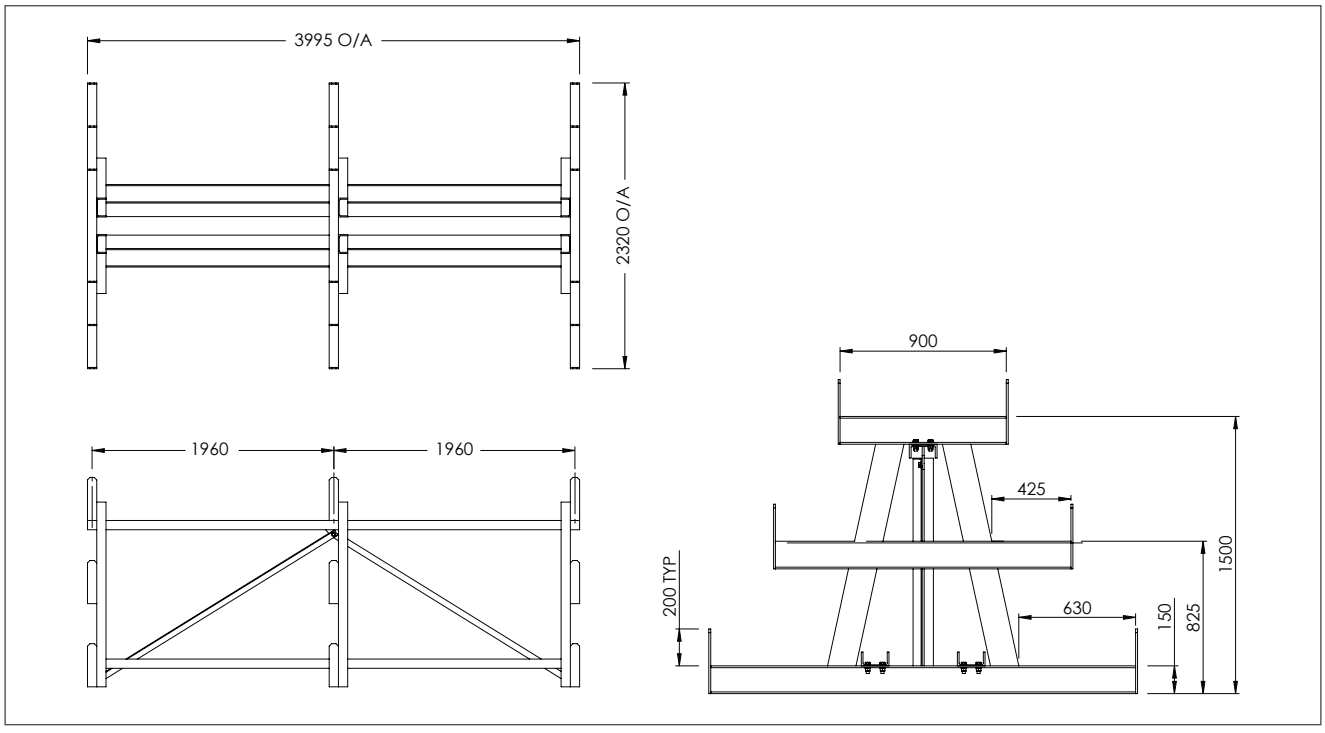

The APR12 Pipe Storage Rack is designed to safely store long materials such as pipe and conduit on site. Its heavy duty construction suits storage of heavy materials weighing up to 12 tonne (evenly distributed) and increases worker productivity by keeping materials organised.

Features:

- Suitable to store long materials such as pipe, conduit, tubing & bar stock
- 12 tonne capacity
- Heavy duty construction for maximum stability
- 5 clear access spaces available for sorting and accessing pipes
- Arm stops to prevent items falling off
- Other sizes and capacities available on request
- Enamel paint finish
- Supplied standard as a flatpack (for on-site assembly)

Working Load Limit (WLL)	12,000kg (evenly distributed)
Overall Dimensions	3995 x 2320 x 1700mm
Unit Weight	695kg
