

PLASTIC LOCKERS SPECIFICATIONS

Why Plastic Lockers?

Plastic Lockers have unique advantages over lockers made from other materials such as timber and metal. They are designed to last and to keep looking good in all environments. Polyethylene lockers are easy to clean - simply hose them out.

- ✓ The lockers are made of heavy-duty polyethylene with a high-grade stainless steel hinge - so they are perfect for wet areas, coastal locations and the outdoors.
- ✓ UV stabilised with a HUGE range of anti-fade colours to choose from.
- ✓ Lightweight & stackable - so they are easy to move and install.
- ✓ Quieter than metal or timber lockers, no loud banging doors.
- ✓ No painting required.
- ✓ Easy to clean and lowest maintenance. Just hose them out.
- ✓ Proven strength and durability - backed by our 15 year warranty.
- ✓ Graffiti is easier to remove.

Is plastic really that strong? - No cracks or scratches dropped from 2 metres.

HDPE Plastic won't dent, unlike wood or metal - Even after a sledge hammer.

Water resistant lockers - Easy wash down and sterilize.

Break in protection

Our patented locker loop system secures our locker from theft.

HDPE Plastic Lockers

Metal Lockers

Additional features:

Easy Graffiti removal - Fire resistant.

Build your lockers.... your way.

The Oz Loka® system is based on a simple modular system that allows you incredible flexibility. Choose your locker body - then your locker height - finally how many doors.

Create your own unique locker installation in three simple steps:

1 Choose Locker Body

Select from 5 different locker body sizes - A series (standard), B series (deepest unit), C series (widest unit), D series (narrowest unit), and the E series (smallest).
All bodys available in 9 different heights (step 2)

Base Sizes

Standard width & depth. Up to 1930mm high	Standard width and & deepest. Up to 1930mm high	Widest & deeper than standard Up to 1930mm high	Narrowest width & standard depth. Up to 1930mm high	Narrow width & shallow depth. Up to 1930mm high
--	--	--	--	--

Slight size variation may occur due to manufacturing process. Speak to a sales consultant for more information.

Choose Locker Height

Choose 1 - 9 different locker heights.
Height ranging from 250mm to 1930mm.

Height	Hinges
250mm	1
465mm	2
670mm	3
880mm	4
1090mm	5
1300mm	6
1510mm	7
1720mm	8
1930mm	9

2

Choose Locker Door(s):

Select the standard single doors or multiple doors.

You can have different colour doors and size combinations.

The team can create a custom Oz Loka solution to fit your exact needs.
