

# PRORUNNER Mk5 VERTICAL CONVEYOR BROCHURE

The PRORUNNER® Mk5 vertical conveyor guarantees an uninterrupted product flow from one level to another. A patented cam follower system in this elevator features a shock free movement in which products are kept horizontal. This heavy-duty and well designed vertical conveyor is also deliverable in stainless steel and stands for reliability, low maintenance costs and a long life.

## Advantages of the PRORUNNER® Mk5

- Line feed and cross feed
- No start-/stop movements
- Easy access to product carrier
- Possibility for in- and outfeed on more than two levels
- Number of carriers provide capacity (not speed)
- Can be used as vertical sorter
- No critical product transitions
- Drive system is closed column
- C-lift or Z-lift line up possible
- Can be used as a cross transfer
- Both line and angle throughput possible
- Carrier remains horizontal
