

BULK BAG STAND MSKB150 SPECIFICATIONS

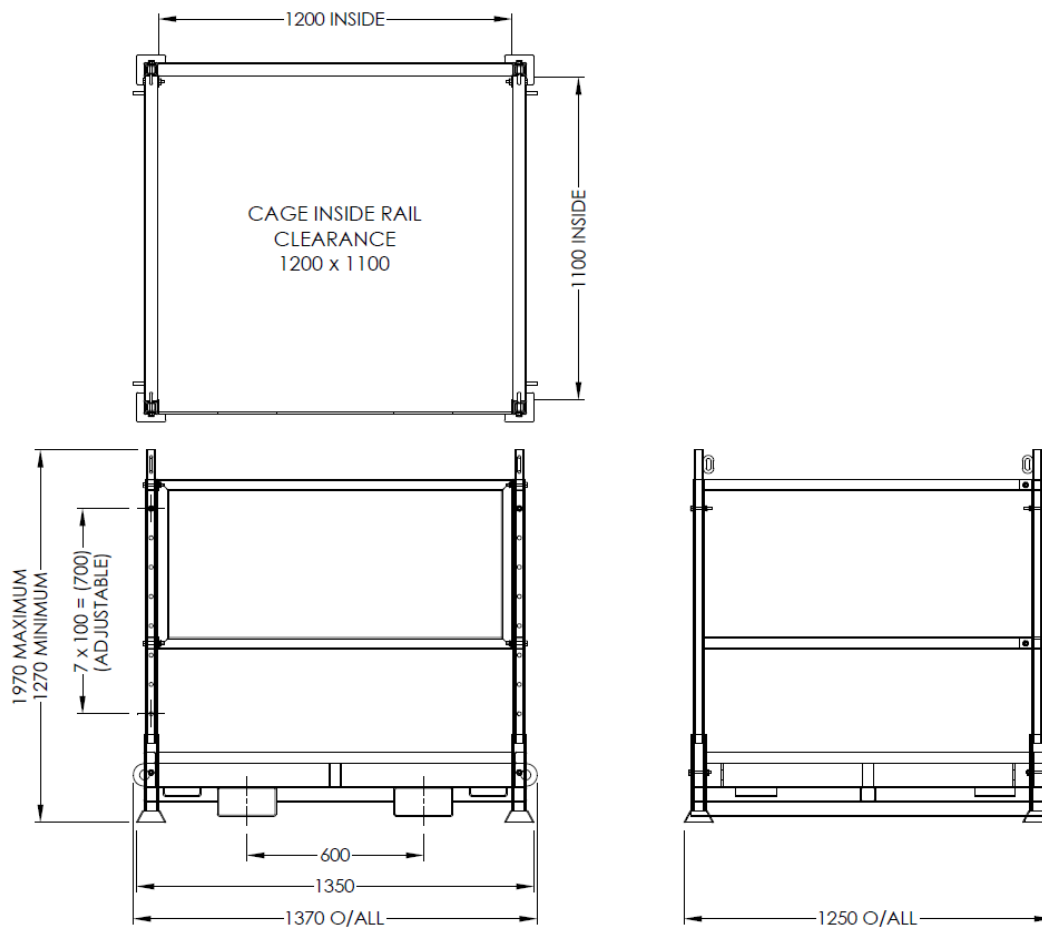

Bag not included - for illustration purpose only.

The MSKB150 is designed to securely hook and allow the bulk bag to be wide open for easy filling. The lightweight frame provides an effective solution for collecting recycling, industrial, excavation and site waste. It even can act as a low-cost bulk material filling station.

The MSKB150 Bulk Bag Stand is fitted with a metal base and fork pockets. It is designed with 8 adjustable height settings to suit maximum bag types. It also has 4 restraining chains provided to hold the bag in position.

SPECIFICATIONS:

- Working Load Limit (WLL): 1500 kg
- Unit weight: 175 kg
- Finish is Zinc Plated
- HCG: 660 mm, VCG: 205 mm
- Pocket Size: 190 x 90 mm
- Pocket Centres: 600 mm
