

# RIGGING STORAGE CAGE MCNGC10 SPECIFICATIONS

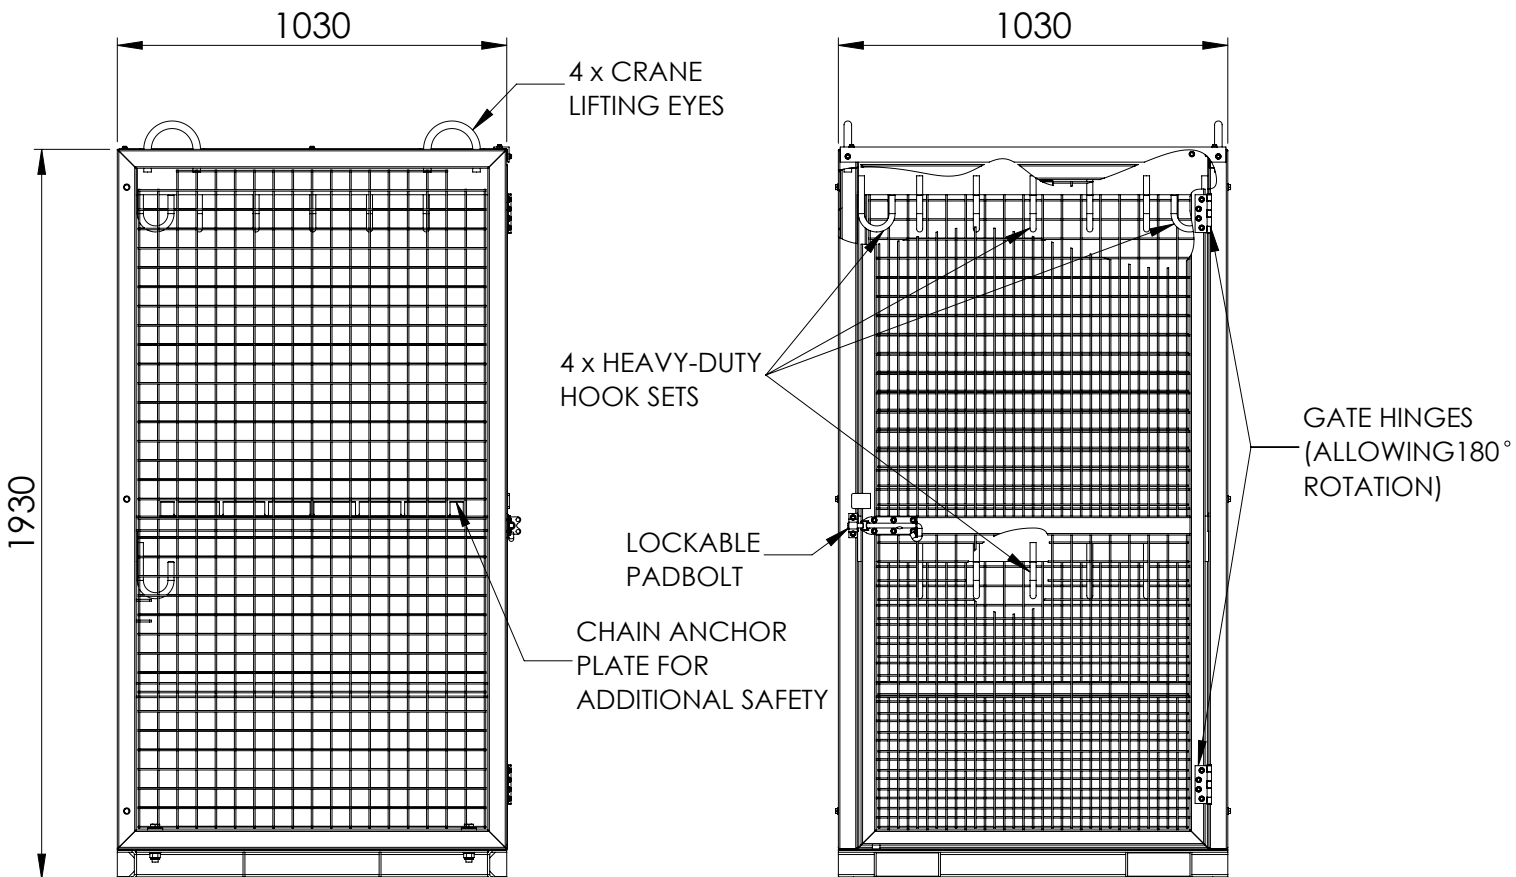

The type MCNGC10 Rigging Storage Cage has been designed primarily as a secure storage unit for building sites and mines. The lockable gate, mesh sides, and roof sheeting ensure riggings and gears security. Four sets of heavy-duty hooks are provided; three on top of the fixed walls (the sides and the rear wall) and one on the middle of the rear wall.

The Cage is fitted with a 4-point Crane lift and Forklift pockets underneath for transport. The chain anchor plates on the side walls provide the option of passing and anchoring chain in front of the taller riggings and gears for additional safety.

The standard finish on the Cage is Zinc Plated.
