ML80-7030   Crate Forks Adjustable Euro

**Adjustable forks with a lip to suit euro crates**

- 304 Stainless Steel Construction
- Smooth Glass Bead Blast Finish
- Fit Multilift 80 series lifters
- Capacity Max 80kg
- Custom width and length available
- Works well with euro crates and other similar containers

ML80-7031   Crate Forks Adjustable
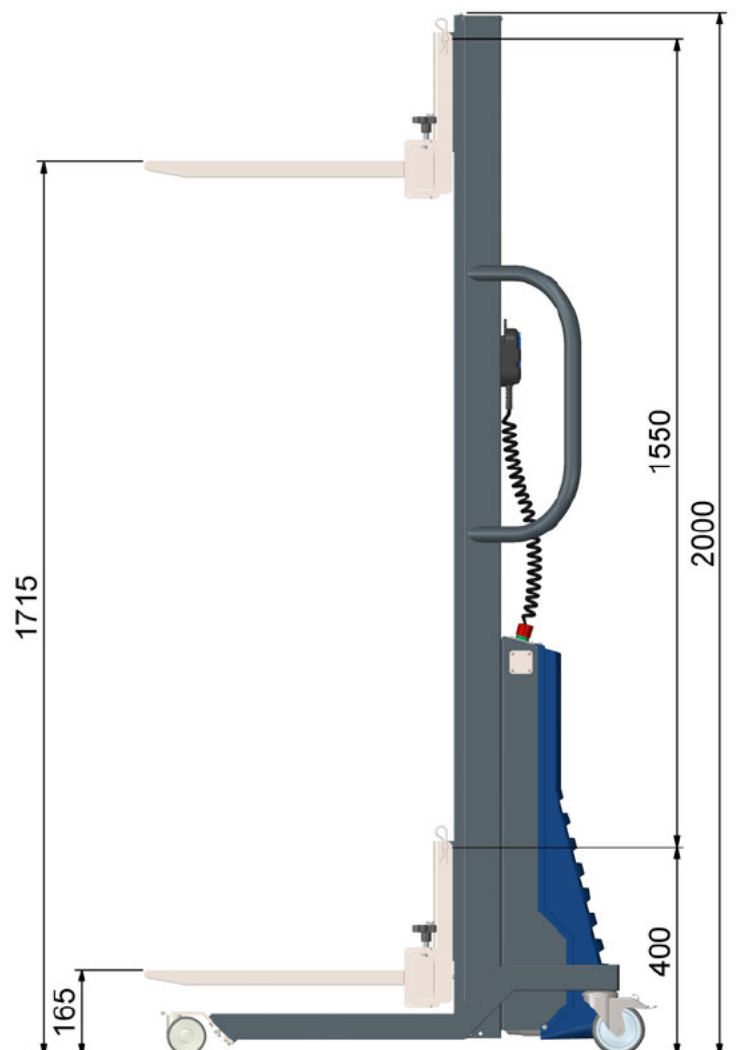

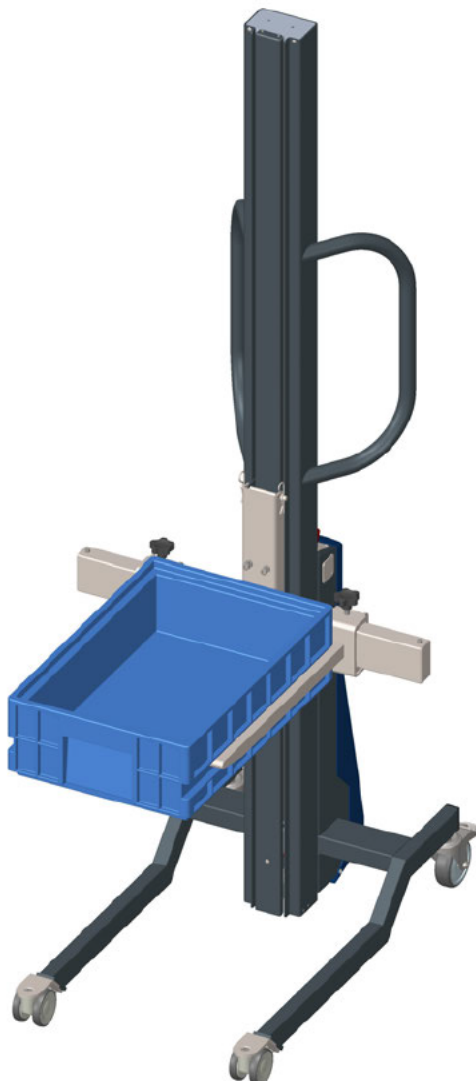

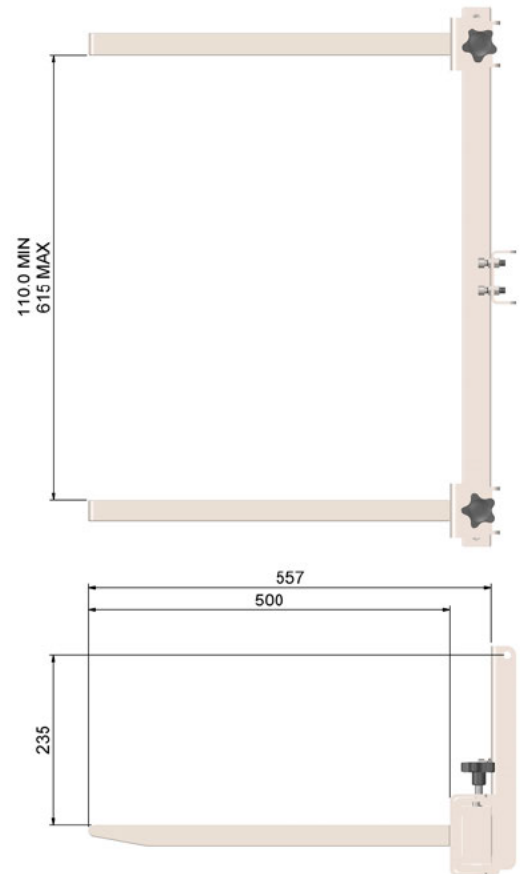

Adjustable forks for crates

- 304 Stainless Steel Construction
- Smooth Glass Bead Blast Finish
- Fit Multilift 80 series lifters
- Capacity Max 80kg
- Custom width and length available
- Made to fit container shape

ML80-7032 Adjustable Crate Toothed Forks
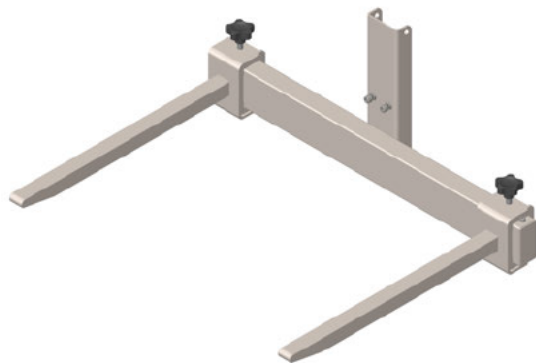

**Adjustable forks for crates with teeth**

- 304 Stainless Steel Construction
- Smooth Glass Bead Blast Finish
- Fit Multilift 80 series lifters
- Capacity Max 80kg
- Custom width and length available
- Fork teeth conform to container shape

ML80-7400 Powered Clamp

Powered electric clamp

- 304 Stainless Steel Construction
- Smooth Glass Bead Blast Finish
- Fit Multilift 80 series lifters
- Capacity Max 50kg
- Rubber contact points
- Clamping Diameter 250 - 500mm
- Electric motor powered rotation
- Strong consistent grip by actuator
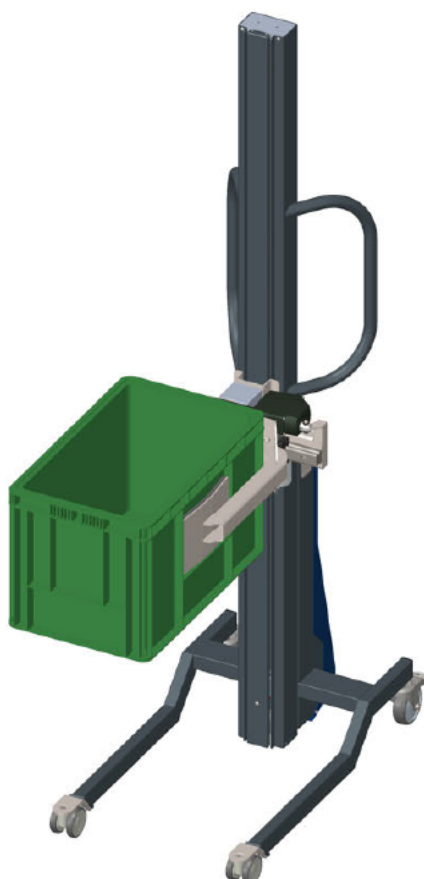

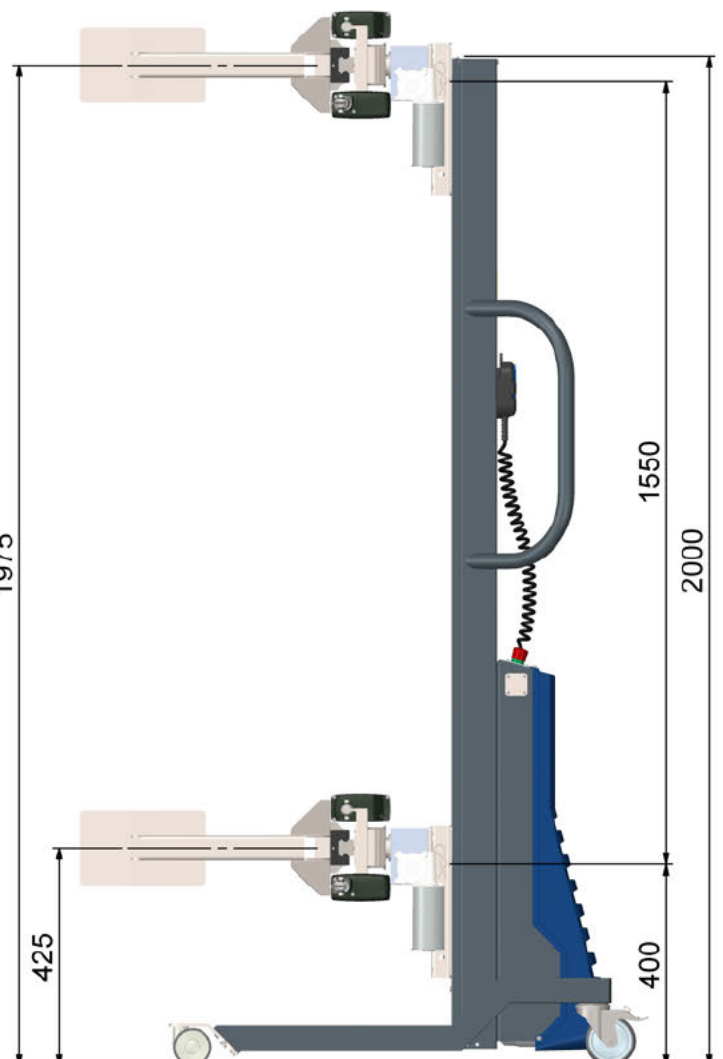

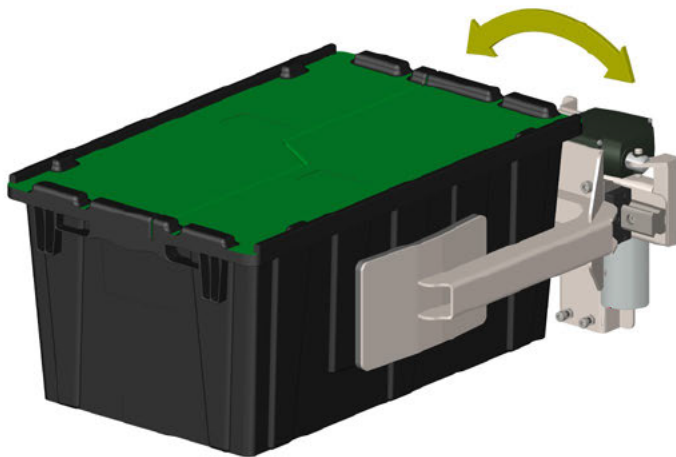

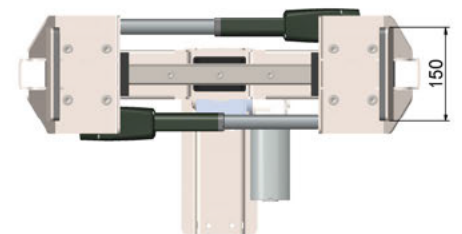

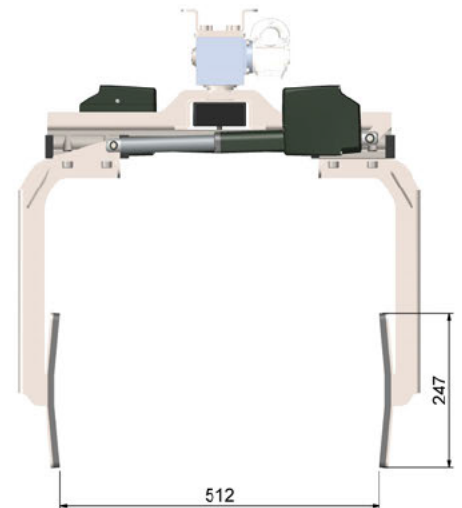

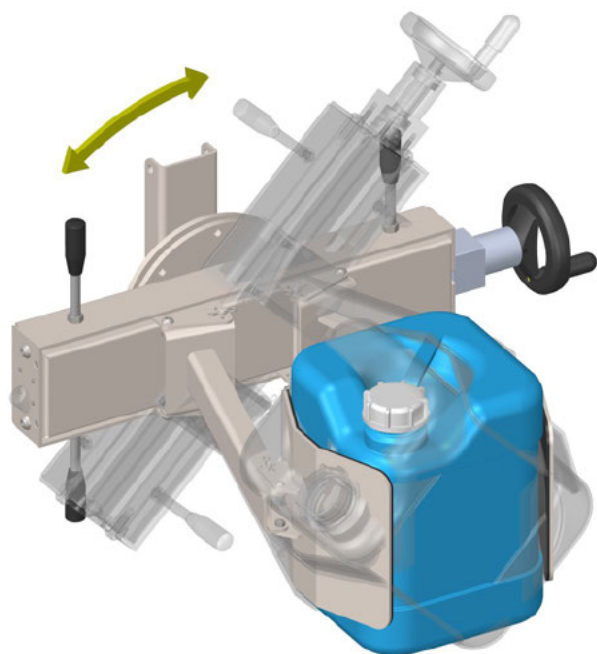

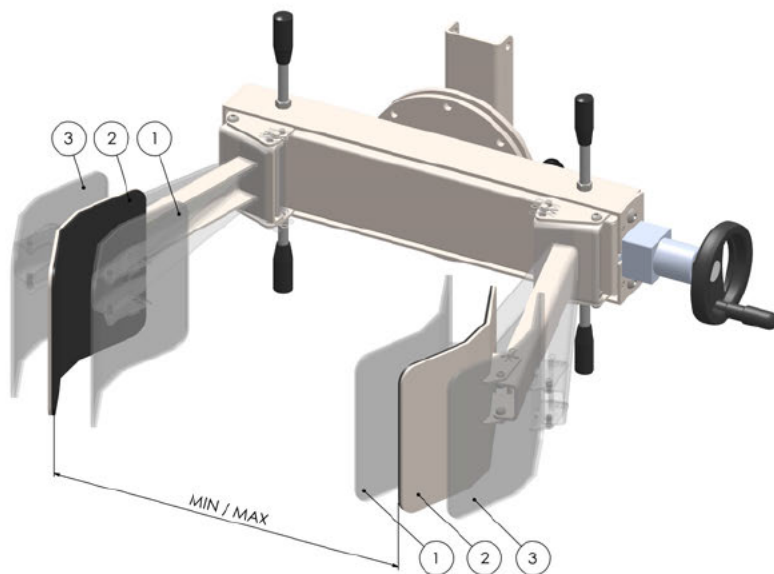

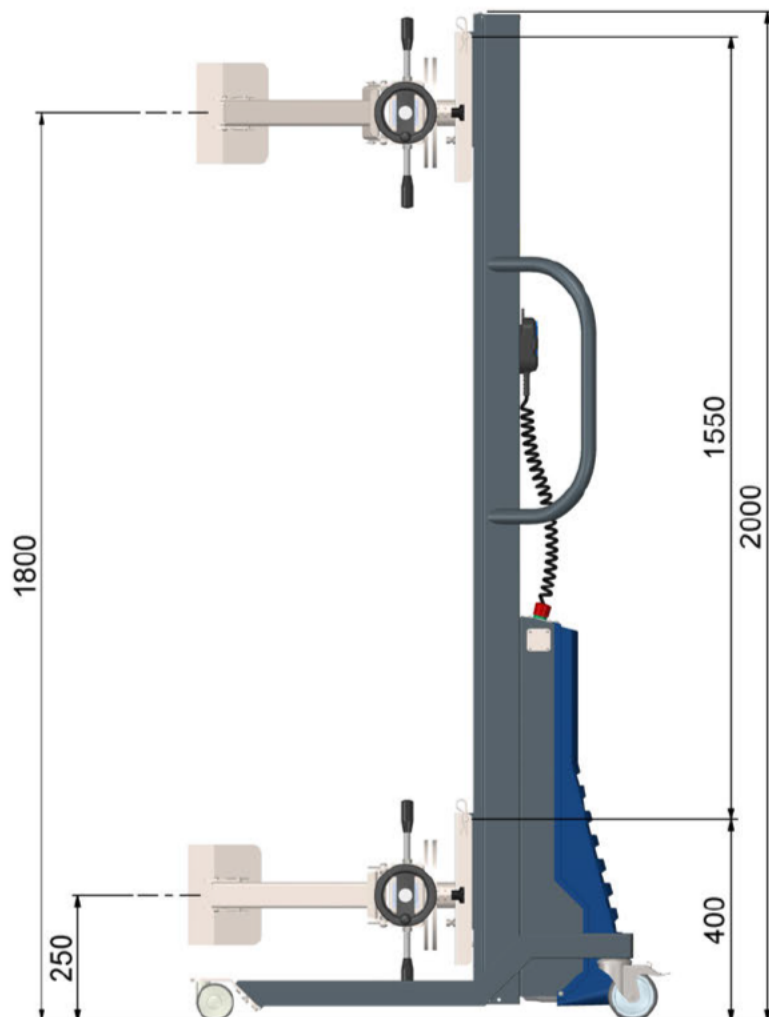

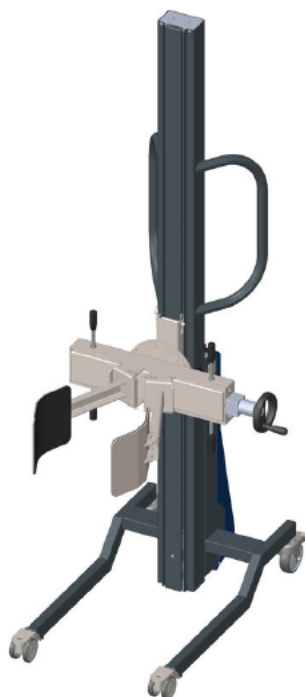

ML80-7500 Manual Clamp

Manual Clamp

- 304 Stainless Steel Construction
- Smooth Glass Bead Blast Finish
- Fit Multilift 80 series lifters
- Capacity Max 50kg
- Rubber contact points
- Clamping Diameter 150 - 570 mm
- Side Rotation - Free moving bearing with spring lock at every 45 degrees
- Clutch Ensures Grip

Position	Minimum Diameter	Maximum Diameter
1	150	340
2	250	450
