

# COLUMN SIZE AND SELECTION CHART

**Protect-it MAXI** has a unique ability to fit literally any size and shape column is limited only by your imagination.

ALL sizes are derived from one SKU: a Protect-it MAXI box.

One Protect-it MAXI box contains 20 individual Protect-it MAXI, 8 pins and assembly instructions.

## For SQUARE, RECTANGULAR and "H" COLUMNS

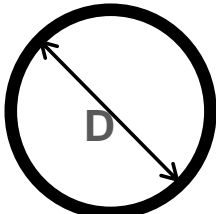

This chart tells you how many Protect-it MAXI boxes are needed to protect your column to a height of 500mm

For 1000mm high protection, double the quantity

| X | 75-140   | 150 - 300 | 300 - 475 | 475 - 650 | 650 - 800 | mm       |
|---|----------|-----------|-----------|-----------|-----------|----------|
| X | 3"- 5.5" | 6"- 12"   | 12"- 19"  | 19"- 26"  | 26"- 32"  | Inches   |
|   | 0.5      | 0.75      | 1         | 1.25      | 1.5       | 3"- 5.5" |
|   |          | 1         | 1.25      | 1.5       | 1.75      | 6"- 12"  |
|   |          |           | 1.5       | 1.75      | 2         | 12"- 19" |
|   |          |           |           | 2         | 2.25      | 19"- 26" |
|   |          |           |           |           | 2.5       | 26"- 32" |
|   |          |           |           |           |           | Inches   |
|   |          |           |           |           |           | Y        |
|   |          |           |           |           |           | mm       |
|   |          |           |           |           |           | Y        |

| Diameter  |           | Protection Height |        | Number of MAXIPACs required |
|-----------|-----------|-------------------|--------|-----------------------------|
| mm        | inches    | 500mm             | 1000mm |                             |
