

Crawler Electric Stair Climber CT150PB

- Dual-mode Operation
- Crawler Climbing
- Simple and Easy

Crawler Electric Stair Climber CT150PB

DUAL-MODE OPERATION

Wire control operation eliminates the need to bend over, and fingertip shift between stop and go.

ALL-TERRAIN STRUCTURE

Climbing Mode

Non-slip and non-marking tracks, safe going up and down the stairs.

Flat Surface Mode

Extra wear-resistant rubber wheels for easy moving on flat surface.

OMNI-ADJUSTMENT

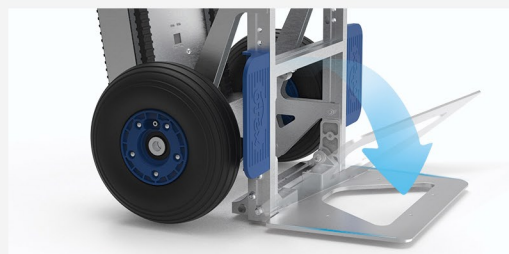

Folding portable body, space-saving storage.

Front and back installation

Folding in Dual Mode

Foldable Loading Plate

Crawler Electric Stair Climber CT150PB

SPECIFICATION

	Product Weight	31.2KG		Noise Level	<70dB
	Loading Capacity	150KG		Protection Grade	IP54
	Endurance	1200 Steps (About 68 floors)		Step Requirements	Height<21cm Slope<35°
	Motor	48V 400W		Climbing speed	Slow: 25 steps/min Fast: 40 steps/min
	Product Dimension	<div><div><p>525mm 646mm 1595mm</p></div><div><p>525mm 305mm 1197mm</p></div></div> <p>Unfolded Size Folded Size</p>			

ACCESSORIES

Lithium Battery

Parameter: 48V/10AH
Weight: 3KG

Charger

Input: 110V-240V
Output: 54.6V 4A

Spare Switches

Up/Down Switch
Fast and Slow Switch

Ratchet Strap

25x5000mm
Adjustable fixed buckle
